**Architect/Engineer Cycling Team Rides For A Cure**

WESTPORT, CT – Representatives from James G. Rogers Architects of South Norwalk and The Di Salvo Ericson Group of Ridgefield collaborated to ride “Down to the Sound,” a 30-mile bike race through Sherwood Island and Westport, CT. All members of “Ann’s Riders,” as the team of volunteers was called, successfully completed the tour and collectively raised around \$3,000 in support of the National Multiple Sclerosis Society.

The National MS Society’s mission is to “mobilize people and resources to drive research for a cure and to address the challenges of everyone affected by MS.” The organization will use funds collected from “Down to the Sound” to support research for a cure for MS and to provide programs which address the needs of those living with this condition today. JGRA would like to thank the riders: Bob Blake, Austin, TX; Jaynab Rose, JGRA; Val Ericson, TDEG; Nils Ericson, TDEG; Katie Ericson, Ridgefield, CT; Luke Ericson, JGRA; Carl Ericson, Redding, CT; Laura Golden, North Salem, MA; as well as the many supporters who contributed to the team’s success.
